

Starting June 1, there will be two ways to search for event as we begin our transition to gsEvents, a new registration system linked to your myGS Account.

Recommended Search Method - Website

From the “Events” dropdown menu, choose one of the following from the navigation:

1. [Event List](#): Use the Advanced Search to filter for grade level, by quadrant of the council, or topic.
2. [Event Calendar](#): Calendar view of all events.

In either view, click on the event name to find the “Register Now” button which will redirect you to the registration platform for the event.

If the event is held September or later, you will be redirected to login to MyGS, utilizing the same email address and password used for managing your membership, accessing the Volunteer Toolkit, and gsLearn.

Alternative Search Method - MyGS

1. Login to your profile and click the **Find Events** button.
2. Location is required by entering a zip code or Country, State and City.
3. The search function is limited to a 90-mile radius. Please note that all virtual and on your own time events are listed with the Girl Scouts Dakota Horizons Headquarters zip code 57106.
4. Narrow your search results by adding a keyword, date range, event focus, or grade level.

During this transition period, we recommend using the website option mentioned above for searching events.

We are here to help you with registration should you have questions or challenges completing registration. Contact Member Services at help@gsdakotahorizons.org or 1-800-666-2141.
