THINK LIKE A PROGRAMMER JOURNEY

Produced by CodeCampKidz

Complete your Think Like A Programmer (TLAP) Journey online and learn to code all from the comfort of your own home on your own schedule! CodeCampKidz will guide you step by step as you work through your projects.

You'll not only Think Like A Programmer but code like one as well while overcoming obstacles, building problem solving skills, and developing confidence as an independent coder. Sign up at any time and experience the latest in online learning. You are free to participate as your schedule permits picking up where you left off. Optional live support classes are available daily to help you.

Important: All you need to participate is a modern browser, high speed Wi-Fi, and a computer with audio capability. Girls will need to submit proof of their completed Take Action Project to receive their badge.

Girl Fee: \$20.00 Includes: Virtual classes and workbook

Date: Ongoing. Classes are held daily through CodeCampKidz.

What to Expect

A parent or girl will sign up through Girl Scouts Dakota Horizons' website. A confirmation email will be sent that includes a unique registration link and instructions. You will then create an account on CodeCampKidz to login and save her work. At this time you can decide to start immediately or register for a support class to get started.

Optional Support Class

The MEET & Zoom Client

Girls should log in to CodeCampKidz a few minutes before the start of the class. When the instructor comes online the MEET and CHAT icons at the top of the page are TURNED ON. A green message box invites her to join the MEET.

When the MEET icon or message box are clicked, CodeCampKidz will try to connect her to the MEET using the Zoom Video Conferencing client. If the Zoom software is not installed on the system Zoom will provide a small download.

Sharing video is 100% optional and not necessary for the class. As long as she can speak to the instructor that is fine for question and answer purposes.

Remaining Classes

- Girls are free to participate as their schedules permit picking up where they left off.
- Classes are held daily to support the girls as they work their way through the projects.
- There is no time limit on completing the journey.
