

Product Program Proceeds

For Individually Registered Members (IRM)

Dakota Dough is an incentive Girl Scouts can earn when they participate in our councils Product Programs. Girls participating in Girl Scouting as Individually Registered Members do not have bank accounts and therefore, will receive Dakota Dough from the Fall Product Program and Cookie Program in place of troop proceeds. The amount of Dakota Dough is based on the following range calculations and will be given directly to the IRM upon completion of the program along with any rewards earned.
