

Guide to Inviting New Members to your Troop

Troop co-leaders cannot add new girls to their troop by adding them to their own household. Co-leaders can, however, send a direct link to families in MYGS. This is located at the bottom of the My Troops tab as “Invite friends to join my Troop.”

If you are contacted by parents who want to join your troop, you can send them an email invite, but **caregivers need to create their own account to join a troop.**

Using the Direct Link to Troop

Make sure your troop is displayed in the catalog and has open spots. You can contact Member Services to display your troop in the opportunity catalog and add girl and adult volunteer spots.

Invite parents to sign up by sending them a direct link to your troop.

1. Login to your [MyGS account](#).
2. Click on “My Troop(s)”.
3. Click on the “Troop”.
4. Scroll down to the bottom to find “Invite friends to join your troop”.
5. Enter email addresses to invite girls to join your troop. They will get a direct link to join your troop.
