

Mobile STEM Center: The Flight Club

Get ready to soar! Girls will explore the science of flight by building rockets, flying kites, and designing paper airplanes. They'll also enjoy a behind-the-scenes tour of the airport to see real airplanes up close and learn how aviation works in the real world. Through hands-on experiments, girls will discover motion, forces, and teamwork—all while having tons of fun. No experience needed—just curiosity, creativity, and a love of trying new things!

Important: Girls will need to bring a sack lunch and water bottle. Adult t-shirt can be purchased at time of registration for an additional \$16. We need 2 currently registered and background checked adults to assist. If interested, email ge@gsdakotahorizons.org. No tag-a-longs.

Girl Member Price: \$65.00 Includes: Activities, t-shirt, snack, badge, and patch

Adult Member Price: \$10.00 Includes: Snack
Adults planning to attend must register for the event.
